## Bespoke Leadership Programmes

WELL Training will design and build bespoke leadership development programmes to best suit the leadership development needs of any organisation.

WELL will ensure that bespoke leadership programmes embed clients values and vision, addressing the leadership priorities for any business, equipping leaders with the skills, knowledge and behaviours they need to excel.

## Target Audience

Whatever the leadership development requirement, WELL will support clients in ensuring that all leaders, at all levels in the business are given the opportunity to transform, develop and grow.

Programme costs are determined by the client requests.

## Leadership Talent Academies

WELL Training will become a client's silent partner and secret weapon! Working in partnership to build an holistic approach to talent development, ensuring clients business has the internal bench strength to support growth and future development. WELL can include a fully mapped and developing leadership Academy that will start at the first level of leadership, leading through to the Executive team. Employees will be able to access the opportunities and support offered to help them achieve goals and targets.

## Accredited Qualification

A range of accredited qualifications are available from Level 3 to Level 7. As an approved centre for delivering CMI, there is an option to achieve additional CMI accredited Leadership qualifications ranging from Level 3 through to Level 7.
