

Facilitated by Adrea Gibbs, IAPA Certified Attractions Executive (ICAE) - committed to creating experiences which excite, engage & elevate

WHAT WILL I LEARN?

This programme has been designed to give you the essential skills to lead and manage change successfully. You will learn how to identify that change needs to happen within your team or organisation and how to manage every stage of the change process successfully. You will also learn how to develop evaluation strategies for measuring the impact of change.

HOW WILL I BE ASSESSED?

During the programme, you will participate in active, engaging learning activities. This will not be a 'Death by PowerPoint' program!

WHAT ARE THE BENEFITS TO ME & MY ORGANISATION?

Change is the one constant in our lives. This programme will help ensure that the necessary changes within your team or organisation are planned, budgeted, communicated, and evaluated effectively so that you can achieve your desired results and evaluate the return on the changing investment.

WHO IS THE PROGRAM FOR?

This programme has been designed for participants looking to develop their leadership skills and capabilities to lead change successfully. Whether an existing leader or in the early stages of a leadership journey, this programme will offer the opportunity to develop new skills, deepen existing knowledge, and help refine leadership behaviours that get results!
