creating experiences which
excite, engage & elevate

WHAT WILL I LEARN?

This programme has been designed to give you the essential skills and knowledge that any leader as a coach needs. You will learn how to have powerful coaching conversations, how coaching can directly impact performance, and how your leadership coaching can impact your team and your organisation.

HOW WILL I BE ASSESSED?

During the programme you will participate in active, engaging learning activities. This will not be a 'Death by PowerPoint' programme!

WHAT ARE THE BENEFITS TO ME & MY ORGANISATION?

Leadership coaching skills can be used in all areas of your leadership and broader life. Building a coaching culture within your team and organisation will directly impact the motivation and engagement of your team and therefore, their results.

WHO IS THE PROGRAMME FOR?

This programme has been designed for participants looking to develop their leadership skills and capabilities in leadership coaching. Whether an existing leader or in the early stages of a leadership journey, this programme will offer the opportunity to develop new skills, deepen existing knowledge, and help refine coaching skills and behaviours.
