

Stay WELL-Informed

Story of the Month

We know that the requirement of having a Maths and English qualification was holding people back from starting an apprenticeship.

We have GREAT NEWS! Functional Skills is no longer a requirement for apprentices aged 19 and over.

What does this mean for your employees?

- **Faster Completion:** Less time spent on unnecessary assessments and exams if you decide they are not needed
- **More Focus:** Greater emphasis on developing real world skills that are relevant to their roles and your business
- **Streamlined Experience:** Apprentices can concentrate on the core aspects of their training.

There's never been a better time to take advantage of the Apprenticeship Levy so get ready to boost productivity and develop future leaders.

**Make 2025
the year you
invest in
your people!**
